

Privacy Statement Sperre Air Power – open applications

When you send us an open application for a position at Sperre Air Power, you accept that we process your provided personal information.

The purpose of the processing of your provided personal information is only to process the job application.

Your application, CV and other personal information you have given us, will only be shared with employees involved in the recruitment process. We may need to ask you for extra personal information to complete the recruitment process. It is voluntary to provide this information.

We will keep your personal information until the recruitment process is complete, or up to 12 months, before we delete the information.

By submitting an open application to us you declare

- **that you have read, understood and accepted the guidelines above and**
- **that you give your consent to the processing of the submitted personal data information**

You can withdraw your consent at any time by emailing us at hr@sperre.com.
